

available at the Natural Dispensary

Liver

The highest-quality, most potent and effective form of milk thistle extract available, standardized with the greatest concentration of naturally balanced active principles. This formula also contains seven additional premium-quality ingredients well-known for their beneficial properties on the liver.*

*Milk thistle, dandelion, artichoke, curcumin, and schizandra are plants which help maintain the health of the liver. Artichoke contributes to intestinal comfort, and curcumin helps reduce the inflammation and oxidative stress.
